Ford Family Gallery Presents:

NATURAL REFLECTIONS

Project Art for Nature (PAN) is a group of artists and illustrators from Minnesota and Wisconsin working independently and collaboratively to create artwork which promotes stewardship of threatened natural areas in our region.

Each participating artist focuses her/his work on an individually chosen area of land in need of protection or conservation related theme for a 3 year cycle. A portion of all sales from PAN shows are donated to the Minnesota Scientific and Natural Areas Program. **Natural Reflections** is the culminating show for PAN's fifth cycle.

We hope that our exhibit inspires you, the viewer, to look, listen, see and hear the need to protect and conserve vital natural areas around you.
